FIRST HOUR RESPONSE

******Patient Registration Manager will report to the Command Center for briefing******

1. Note the time and type of emergency from the overhead page.

2. Notify key personnel:

Dana Whitfield *Registration Director*	Office: (841) 555-0142	Cell: (841) 555-0187
Marcus Reyes *Registration Supervisor*	Office: (841) 555-0156	Cell: (841) 555-0191
Ellen Porter *Registration Supervisor*	Office: (841) 555-0163	Cell: (841) 555-0178

3. Pause elective and non-essential registration services.

4. Pick up a radio from the Command Center and switch to the designated repeater channel.

5. Start the staff call-in roster and send it to the Command Center at **(841) 555-0130**.

6. All unit directors report to the Command Center.
(Staff arriving for call-in report to Patient Registration. The Patient Registration Manager assigns call-in and scheduling duties during business hours.)

***** All staff remain in their home department until directed otherwise by a supervisor or the Command Center, or as required by their incident role.**

7. Switchboard receives the code and records the details (see Code Alert workflow).

8. Switchboard transfers the call to the emergency physician on duty.

9. ED registration provides the management team and physician call-in listings to the Command Center. The Command Center decides who is called in.

10. The Patient Registration Manager assigns staff to band arriving patients and designates registrars to capture name and date of birth for quick registration.

11. The Patient Registration Manager logs and reports patient names and locations to the Command Center.

12. As staffing permits, assign staff to the main and ED entrances to direct arriving patients and visitors.
